5. Comments:

5.1) Please identify what you perceive to be the real strengths and weaknesses of this teaching assistant and course.

- I never seen any other TAs frequently changing their office hour with just last minute head-up or showing up late like her. It's wasting our time. And then after she finally shows up, her attitude is condescending when we are looking for help on the course material. As a TA it's one's job to answer questions, why you make people feel uncomfortable to ask you questions? Also she's really a harsh grader and almost everyone gets the worst grades ever among all the first year sequence courses. It's a PhD course which should ultimately look for understanding not harsh grading. Maybe she's just not suitable to be a PhD course TA.
- Sunny was a wonderful TA. She is very approachable and friendly, and is clearly very knowledgable about the material at hand. I thought that discussions and office hours helped me understand the material better, and I am thankful that I got to have her as a TA. I wish her all the best!!!
